

My sister Dawn Newton and myself Andrea Exley are delighted to introduce our holiday cookery school with crafts. We are both currently employed in education, Dawn has been head of food at a Grammar school in West Yorkshire for 23 years and I have been employed at Hymers College for 25 years as a teacher, running a lunchtime Crafty Kids Club for the last 15.

The cookery sessions will teach good practice and safety in the kitchen, measuring, mixing, heating and folding, rolling, shaping and cutting dough, spreading and piping as well as instruction on oven temperatures. Children will bring home their cooking. The craft activities will include the use of a range of crafting tools, tiles, modeling clay, pebbles, glue, glitter, pens, textured papers and fabric, ribbons, wire, painting and designing. We will be producing quality crafts that you will use or treasure as a reminder of this stage in your child's life.

The Monday course will incorporate 2 cooking sessions and 1 craft. Tuesday will be 2 craft sessions and 1 cooking. All ingredients and materials will be included. Children will need a packed lunch and we hope to have a picnic, weather permitting, in the beautiful school grounds.

We have deliberately not detailed the products to be made as we would like to keep the element of surprise for the day. However, please be assured that we have thought very carefully about the days' activities and are positive that both the children and yourselves will be excited by the end result. With helpers we will have a minimum ratio of 5 children per teacher/helper and have full public liability insurance up to 5 million. We are fully confident that the children will have a great time whilst being creative, learning new skills and making new friends. There are 20 places available each day.

If you would like more information or to book a place please email me at
