

Physical Education Statement for the year 2019– 2020

Dunswell Academy PE Vision Statement

‘To provide opportunities for children to experience, enjoy and excel in high quality PE and school sport incorporating a diverse range of activities, which offer life– long learning through challenge and competition.’

By the time children leave Dunswell Academy in Y6 they will become physically literate, learning that physical activity is fun and crucial. Our children compete in many competitions and other activities which build character and embed key values such as determination, leadership, teamwork, enjoyment, resilience and creativity.

Background

All young people should have the opportunity to live healthy and active lives. A positive experience of sport and physical activity at a young age can build a lifetime habit of participation, and is central to meeting the government’s ambitions for a world–class education system.

Physical activity has numerous benefits for children and young people’s physical health, as well as their mental wellbeing (increasing self–esteem , emotional wellbeing and lowering anxiety and depression), and children who are physically active are happier, more resilient and more trusting of their peers.

Ensuring that pupils have access to sufficient daily activity can also have wider benefits for pupils and schools, improving behaviour as well as enhancing academic achievement, particularly for lower ability children and those with behaviour difficulties.

The PE and Sport Premium can help primary schools to achieve this aim, providing primary schools with £320m of government funding to make additional and sustainable improvements to the quality of the PE, physical activity and sport offered through their core budgets. It is allocated directly to schools so they have the flexibility to use it in the way that works best for their pupils. All state–maintained schools, academies, middle schools, special schools and pupil referral units which have primary aged pupils (as reported in the 2015 school census) will receive the funding.

This funding is ring–fenced and therefore can **only** be spent on provision for P.E. and sport in schools. We will be held accountable for how we have used the additional funding to support pupils progress and participation in P.E. and school sport. We are required to publish on–line information about how we have used the additional funding, including

details about our sporting provision alongside curriculum details. This will ensure that parents/carers and others are made fully aware of the PE and sporting provision at Dunswell Academy.

Allocation

All schools with 17 or more primary-aged pupils (in Years 1 – 6) will receive a lump sum of £16,000 plus a premium of £10 per pupil. For the academic year Sept 2019 – August 2020 (based on our current primary aged pupils) we will receive an amount of £16,830. The funding is split into two parts: Part 1 in November 2019 and part 2 in May, 2020

How we have planned to spend the Sports Premium funding:

We believe in a holistic approach to the development of sport and physical activity for all. We encourage collaboration and partnership working to make the best use of resources, to enhance P.E. and sport provision in order to raise participation and achievement for all pupils.

We believe that PE develops the character of children and promotes good values. These values include: resilience, creativity, leadership, determination, teamwork and enjoyment.

Our rationale for the use of Sports Premium funding is that it must be used so

- All children benefit regardless of sporting ability;
- Children enjoy being physically active;
- As many children as possible are given the opportunity to compete in tournaments with other schools;
- Staff have access to training opportunities and continued professional development to ensure the legacy of the funding;
- We make use of collaborative and partnership skills and competitions.
- We continue the process of becoming an active school incorporating ‘active learning’ as well as ensuring the children are physically active at school for 30 minutes a day.

Working with the above rationale in mind, and following the guidelines for how to spend this money, our initial plans for the use of the Sports Premium funding for 2019–2020 include:

- Investment in the professional development of staff at our school so they are best equipped to teach high quality Physical Education and school sport for years to come. This will include providing cover to release staff for professional development in PE and sport.

- Continued membership and taking part in competitions/events organised by the East Riding SSP (West)
- Increasing the amount of competitive sport in which our children participate – running sport competitions and increasing pupils’ participation in the School Games.
 - Organising intra-school competitions between house teams
 - Hiring qualified sports coaches to work alongside staff.
 - Making links to other community sports providers – supporting and encouraging our children to improve their leadership skills through sport.
- Development of staff and PE policy in line with the new curriculum.
- Purchasing equipment to offer access to new sports and physical activities as relevant
 - Purchasing full school planning which includes video demonstrations to assist with staff confidence teaching PE.
 - Varied after school clubs which involve high levels of activity in response to children’s interests.

To cater for these competitions, children's interests and their health needs have been considered prior to arranging a wide range of P.E. clubs put on across the course of a year. These include: Football, Multi-skills, Ball Skills (invasion games) and gymnastics and dance. The East Riding SSP (West) provided Multi-Skills Workshops, run by their Sports Leaders and catering for Years 3 – 6 children. It also put on Festivals of Sport for Year Six pupils, providing opportunity for competition and participation for children in these year groups, across a range of sports.

The school will hold a themed week for National P.E. week which will involve a carousel day including yoga, aerobics, cricket, circuits and football. We will also hold a sports day for both Key Stages as well as intra-school competitions between the house teams.

PE Action Plan Objectives:

New Curriculum – The East Riding SSP (West) have met to discuss the way forward. Sport will continue to play a huge part in the school's thinking. Children's Achievements – A sport specific web space is now available on the school website to celebrate the children's achievements.
