Dear Parent/Carer

Request for RE Support from Parents

We would like to offer you the opportunity of contributing directly to our rich and rounded Religious Education curriculum.

We are seeking volunteers to help us provide the children with opportunities to learn about differing beliefs and cultures through meaningful interactions with people of faith from within our own school community. In particular, we are keen for the children to gain an understanding of how beliefs and practices play a part in or impact the lives of the people around us. As such, we are hoping to compile a contact list of parents and volunteers who have indicated a willingness to help support our children's learning in this way. Any help would be gratefully accepted and need not involve a regular commitment.

Here is a list of forms that support could take:

- Hot seating – question and answer sessions with a class
- Presentations
- Cooking/baking sessions
- Craft activities
- Music or dance activities

If you think you may be able to help us, please complete the proforma overleaf and return it to your child's class teacher.

Thank you for your continued support, now and into the future.

Chris Huscroft
Executive Head Teacher

Hannah Stephenson
Head of School

On behalf of Mrs Sivarajan – RE Co-ordinator
