Do you know a young person who prefers sketching over spelling? Would sooner be running than reading?

Then they are probably a **Creative Thinker!**

The Creative Thinkers Day is part of a 6 week campaign run by the team at Creative Briefs in Hull to uncover the creative potential of young people who like to learn differently.

The day will be full of free activities for imaginative children aged 9+, ranging from taking part in large scale live art, to designing their own mixed up animals or anime characters. Each activity will last around 45 minutes, and you can book on to as many of the activities as you like!
