

2016-17

Sports Funding

Children at Swanland School have continued to enjoy a rich and varied sports curriculum. The school offered a wide variety of clubs and sports to enhance the children's experience of PE. The enthusiastic delivery was equally matched by the children's enjoyment of what is on offer at the school.

The school continues to be a member of the East Riding Schools Sports Partnership (West). This membership assists with the progression towards the transition to secondary school and enables our children to mix with other like-minded children from other schools.

We have taken part in, and will continue to take part in many competitions throughout the year. The competitions are as follows:

Sport:	Year Group:	Gender:	
Hockey	6	Mixed	
Football	3, 4, 5, 6	Boys	
Football	6	Girls	
Cross Country	3, 4, 5, 6	Mixed	
Sports Hall Athletics	5/6	Mixed	
Benchball	4	Mixed	
Dance	4	Mixed	
Orienteering	5/6	Mixed pairs	.
Tag Rugby	6	Mixed	
Kwik Cricket	5/6	Boys	
Drax Cricket	4	Mixed	.
Netball	5/6	Mixed	
Athletics	3,4,5,6	Mixed	

To cater for these competitions, the children's interests and their health needs, there have been a wide range of PE clubs put on across the course of a year. These include: Football, Judo, Netball, Rounders, Dance, Athletics, Multi skills, Quad kids, Golf, Cricket, Distance Running and Hockey.

The East Riding SSP (West) also provided Multi-Skills Workshops, run by their Sports Leaders and catering for Year Two children. It also put on Festivals of Sport for Year Six and Year Five pupils, providing opportunity for competition and participation for children in these year groups, across a range of sports.

An additional event, taken part in by the school yearly, is Haltemprice Sports; an athletics competition in which schools from the wider East Yorkshire area take part. The schools form a committee which comes together many times over the year, with differing responsibilities in order to organise the event, which is held in July, and is a culmination of the children's hard work in athletics over the year. Key Stage Two children take part in this evening event. The children took part in numerous school trials and internal school competitions before being selected to take part in the event.

We have also organised and played Inter-school friendly football matches. The school has also entered many competitions including those organized by Humberside Schools and the South Hunsley League.

The school also entered the Humberside Netball league with two teams competing.

As in previous years, there were many Young Sports Leaders (YSL- also known as Red caps). These children were taken from Year Five, trained following the YSL programme and were able to visit the Key Stage One children (ranging from Foundation Stage to Year Two) to carry out both games and skills based activities with a group of children. This took place throughout the year at lunch times.

Owing to this high level of competition, and the vast amount of extra-curricular opportunities at Swanland Primary School, the school was awarded the Sainsbury's School Games Gold Kitemark.

The East Riding SSP (West) also provided the opportunity for staff to attend professional development courses over a range of sports and physical education elements. These included: Tag rugby, Tennis, Football and Cricket.

The school also held sports days for separate Key Stages as well as taking part in a skipping event around the school field.

The schools PE action plan has informed the areas for further development in the year 2016/2017 include:

- To further promote links with Hessle Golf Club
- Further development of PE expertise in line with the new curriculum.
- Making the children’s achievements more widely publicised by placing results and achievements on the school website.
- Putting the money towards maintaining and enhancing the artificial playing surface.
- Organising staff after school training in gymnastics and dance.
- Replacing worn out equipment
- To install outdoor activity equipment.

PE and School Sports Funding 2016–2017

Allocation £9,880

Proposed spending

Purchase	Cost	Reason	Sport	Year group
Hiring specialist coaches	£200	Improve teaching of cricket	Cricket	Yr3

Outdoor play equipment	£4,500	Improve outdoor facilities	All sport	KS1
Sports jackets	£200	Humberside champions	football	Yr5/6

Impact to date

Specialist Coaches

We have signed up to a series of cricket coaching sessions for all the children in year 3. This has inspired the children in this sport. It has also enhanced the teachers understanding of teaching cricket by watching a specialist and will in the future be able to put this training to further use.

We also used the OAA trailer to help develop team building and cooperation in year 6.

Following a staff audit we have enabled all staff to be released and watch a series of gymnastics lessons taught by a specialist. This will help develop staff confidence.

To help develop fitness and enjoyment all children in KS2 will take part in a skipping workshop. The whole school will then watch a demonstration. The lunch time supervisors will also have the opportunity to take part and as a result will encourage lunch time play.

A Dance instructor has been working with year 4 children to enhance theirs and the teacher's skills.

Coaches

When the school provides transport to events it allows many children to take part. From this they get a feeling of involvement and the pleasure of performing sport in another environment. They also enjoy the competitiveness that this creates between schools. They can learn and watch other children to improve their own performance as well as be instructed and guided by coaches.

The opportunity also allows the children to use a range of different equipment.eg climbing wall, swimming pool and large sports hall.

During these activities the children also get to meet other children from different primary schools as well as other adults. This helps to develop social skills and working together.

Medals

During the year we have taken part in a wide variety of sporting tournaments and have been very successful. I feel it is important to acknowledge these achievements and promote the children's efforts.

Sporting achievement to date

	South Hunsley partnership	East Riding event	Humberside event	Midland event	Nationals
Hockey	1 st				
Football	1st	1st	1st	1st	Yes
Netball		2nd			
Cross country	1st	yes	yes		
Dodgeball	3rd	yes			
Benchball	2 nd & 3rd				
Dance					
Rounders	1st	1st	1st		
Indoor athletics	1st	yes			
Cricket	yes				
Quad kids		1st	1st		

In addition, the school football team have won a series of tournaments held at the KCOM Stadium and progressed through to represent Hull City at Stamford Bridge later in the year.

East Riding school sports partnership(West)

Once again we opted into the East Riding School sports partnership. We have taken part and will take part in all the activities offered. These include; cross country, football, cricket, hockey, indoor athletics, rugby, benchball, orienteering, dance, swimming, netball as well as the sports festivals.
